I WANT FOREXVPS

STEP 3

Fill the required information to sign up

First Name	<input type="text"/>
Last Name	<input type="text"/>
Email Address	<input type="text"/>
City	<input type="text"/>
Postcode	<input type="text"/>
Telephone	<input type="text"/>
Account Number	<input type="text"/>
	<input type="submit" value="Submit"/>

4. SCOPE

You will receive an email information with login and password and IP

STEP 5

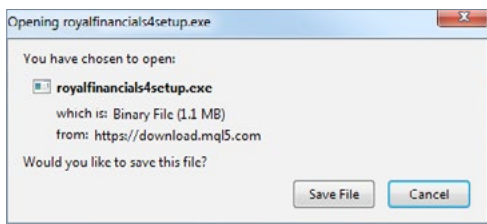

Use Remote Desktop to connect to your VPS

STEP 6

Download the Royal Platform from the following link
<https://download.mql5.com/cdn/web/6722/mt4/royal4setup.exe>

STEP 7

Click on Save File on the download window that pops up

STEP 8

Click on the downloaded installation file.

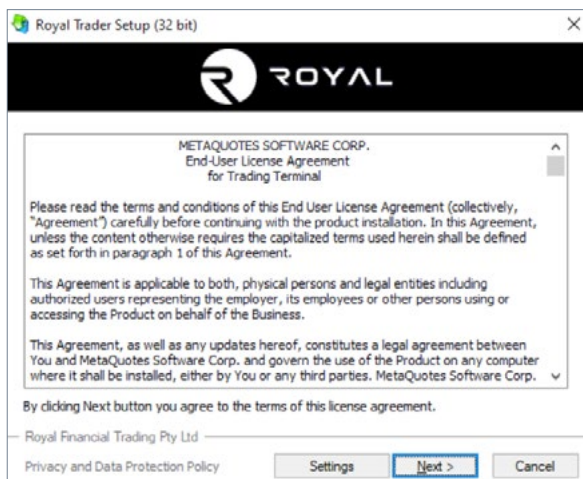

STEP 9

Click on the Run button.

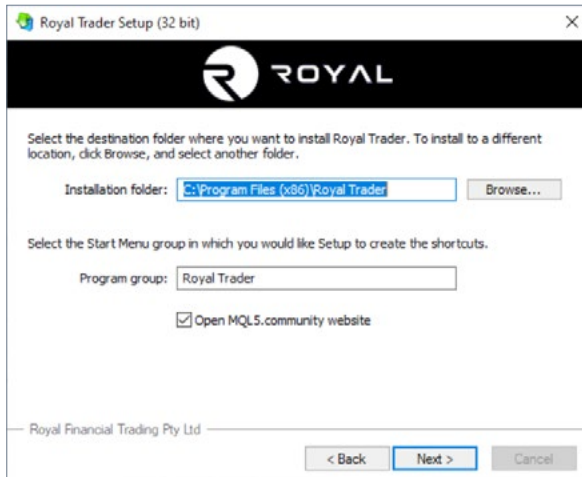

STEP 10

Click on Next and read the terms and conditions.

Specify the folder where you would like to install the platform as well as whether to create a shortcut and to launch the program immediately after installing it.

When ready, click Next and the platform should begin downloading files as well as creating the folders and installing the software.

STEP 11

Once done, click on Finish and the platform should start automatically.
